11/03/2010

Audit Reference: DR02/MAR/10 Audit 4471

Subject: BER Data Review Audit No. 2 – Compliance

Dear Mr. Dalton,

We are writing to notify you that you have successfully passed a Data Review Audit No.2 on the photographic evidence of the dwelling in relation to BER Assessment Number 101550226.

Please note the following with respect to your submission:

To ensure that accurate survey records are retained in support of a BER, BER Assessors should capture clear photographs of a dwelling, where the dwelling concerned is clearly visible and the photographs can be easily interpreted to determine the dwelling type and number of storeys. For clarity photographs should be marked or outlined to identify the dwelling the subject of the BER assessment, such that it is distinguished from other properties visible in the photograph and that boundary separation from neighbouring properties is apparent.

Many thanks for your co-operation and assistance in ensuring the quality of the BER scheme.

Kind regards,

QA Manager
